

This listing of the claims will replace all prior versions and listings of the claims in the application.

Listing of the Claims:

1. (Original) A method of preparing pita pocket bread in which immediately after baking the pocket bread pieces are cut, the walls of the pocket bread pieces are separated at the cut edge, and the pocket bread pieces are nested one inside another into a stack.

2. (Original) The method of claim 1, wherein said pocket bread pieces after being cut are generally semicircular in profile.

3. (Original) A package of pita pocket bread, wherein said package includes a stack of pocket bread pieces in which individual pieces of pocket bread are nested one inside another to create a stack inside said package.

4. (Original) A package as claimed in claim 3, wherein each said pocket bread piece is generally semicircular in profile.

5. (New) The method of claim 1, further comprising allowing the pocket bread pieces to cool after baking and before being nested one inside another.

6. (New) The method of claim 1, further comprising inserting the stack of pocket bread pieces into a container for shipment.

7. (New) The method of claim 1, further comprising inserting the stack of pocket bread pieces into a container; and freezing the container and the stack.

Amendments to the Drawings:

The attached two sheets of formal drawings are provided to replace the informal drawings filed with the application.
